

Request for Capability Increase

Request for increase to history-based Capability Numbers for Crude Oil and Condensate Delivery Volumes to Cleaning Plants, Custom Treaters Truck Terminals, Pipeline Connected Batteries and Gathering and Feeder Pipelines

Operator Name	Operator Code
Address	Telephone
Contact	

Delivery Month
Days in Month _____
Date Submitted

<b>FROM</b>	Cleaning Plant and Code	OR	Truck Terminal and Code	OR	Pipeline and Code	Operator Code	Battery or Plant Code	Location Description
<b>TO</b>	Cleaning Plant and Code	OR	Truck Terminal and Code	OR	Pipeline and Code	Operator Code	Battery or Plant Code	Location Description

Reason for requested increase (COLC Forecast Deviation Code)

Documentation: Complete the appropriate detail section, below, corresponding to the Crude Oil Logistics Committee Forecast Deviation Code used, above.

<b>Note: All volumes are forecast in gross cubic metres per month</b>	<b>History based Capability Number</b>	
	<b>Increase requested</b>	+
	<b>Total Volume Requested</b>	=

Explanation:

---

---

For COLC Forecast Deviation Codes 01, 02 and 13 - Production Increases - Provide the Following

Well Operator Name and Code	Well LSD	Well Licence No.	First Date of Production/Restart/Transfer	Daily Average Increase	Total Volume Capability Increase Requested

- Crude Oil Logistics Committee Forecast Deviation Codes**
- 01** Production Increase - New Well(s)
  - 02** Production Increase - Well Workover
  - 03** Facility Turnaround or Maintenance
  - 04** Revised Delivery Point
  - 05** Road or Weather Conditions
  - 06** Field Tank Inventory - Included
  - 07** Field Tank Inventory - Excluded
  - 08** Shut In Production - First Month
  - 09** Shut In Production - First Month Restarted
  - 10** Change in Battery Operator
  - 11** Change in Shipper Information
  - 12** Forecast Error Correction
  - 13** Production Increase - Outside wells added
  - 14** Operational Problems at Battery
  - 15** Not applicable to Saskatchewan
  - 99** Miscellaneous

For COLC Forecast Deviation Code 06 - Field Tank Inventories - Provide the Following

Battery Operator Name and Code	Battery LSD	Battery Code	Tank Working Capacity	Total Volume Capability Increase Requested

For COLC Forecast Deviation Code 04 - Revised Delivery Point (Relocation of Trucked Volume) - Provide the Following

Previous Delivery Point Operator Name and Code	Previous Delivery Point LSD	Daily Average Deliveries Month(s)	Total Deliveries Month(s)	Previous P/L Name/Code	Pipeline Contact Name/Telephone

**For Receiving Facility Use Only**

Total Increase Requested	Total Increase Verified
